Comments:

Good and informative – would have been more effective if more structured – incongruent in so much trauma and death but addressing balloons, ice cream almost party atmosphere
 Great information and will help in case we are ever called for a crisis
 This had to be hard and tragic for all of you and the rest of the volunteers – Thank you for sharing all the information I can't imagine what all of you have been through but my prayers continue for all of you
 This session was very informative on how to take steps in preparing for a major tragic crisis that effects a community and surrounding areas
 Great work and appreciate everything that has been done for this community!
 Very informative – Randy was great!
 Good information and understanding
 Great job, thank you!
 Difficult hearing – close door to reduce outside noise
 Difficult to hear, blurry single power point (hard to read) – good material and firsthand examples
 Deep conversations – somewhat triggering – no fault of the presenters though
 Thank you for sharing
 Thank you for all you did
 Thank you for sharing your experience and for sharing compassion to the people of Uvalde – the people of Uvalde are lucky to have you!
 Good information – slides were difficult to see

This was useful information to have and implement

They did a nice job on a difficult topic

Was looking for more on how to assist youth during a traumatic incident – brief listing of steps learned to take during a crisis is ok, but personal agency stories weren't as helpful (ie. Type of building stayed in, etc.)

Gave examples of ways to better support communities

Provide copies of your presentation (hard copies)

Tough subject, well presented

Great presentation

Topics were a bit disorganized and hard to follow – Would have liked more examples of what should have been done and how – examples of what was implemented (ie. Intake process) – overall though it seems like this community really pulled together during tragedy – Landon was able to pull things back on track
