## **Nurturing** Compassion:

**Investing in Trauma Informed Care** through Community Engagement

Tate Ringer Andrew Ahles, LMFT-S

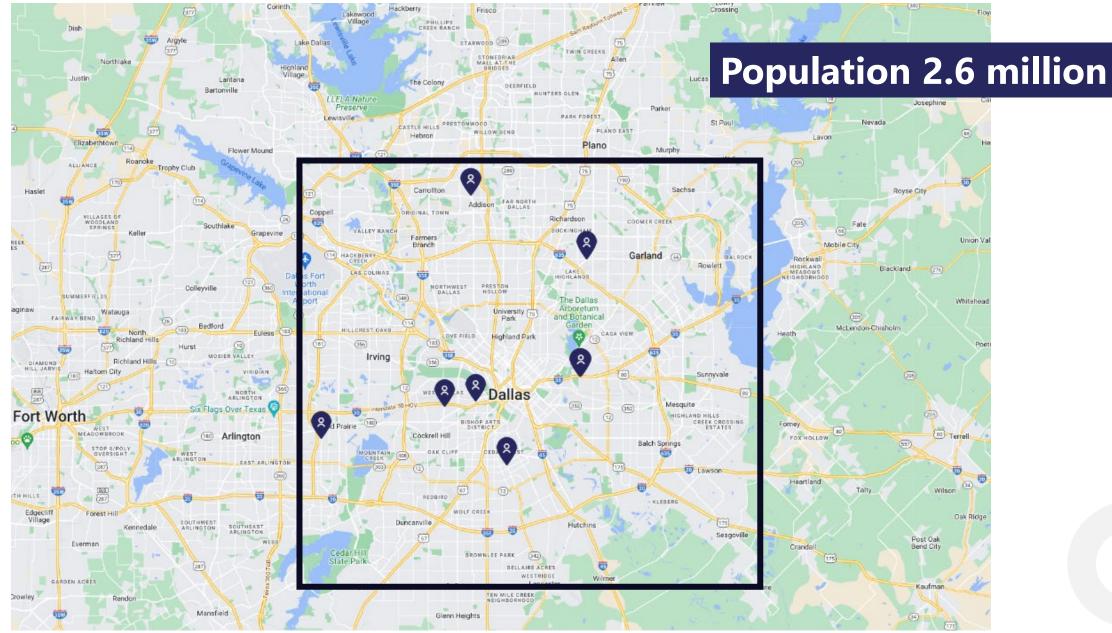

June 18th, 2024

## **Check in Code:**

## **Learning Objectives**

- Describe Trauma Informed,
   Compassionate Communities and their importance in increasing societal well-being
- **Examine** how CMHCs can work to create stronger communities through strategic engagement with community partners
- **Empower** participants through practical skills, useful tools, and actionable plans and ideas to be leaders in building a compassionate community

Trauma
Informed &
Compassionate
Communities

### Reflection

Take a couple of minutes to write your own answers to the following questions:

- What do compassion and trauma informed care mean to you?
- How would you know that your organization and community were trauma informed?
- How would you most like your organization and community to grow in its capacity to be trauma informed?

# Alicia's Story

## Trauma Informed Care

To be aware of and empathetic to what has happened to people

To understand
how past
experiences
profoundly impact
people's lives in
the present

To create an environment in which this understanding influences every facet of our work

To protect people from re-traumatization

# Principles of Trauma-Informed Care

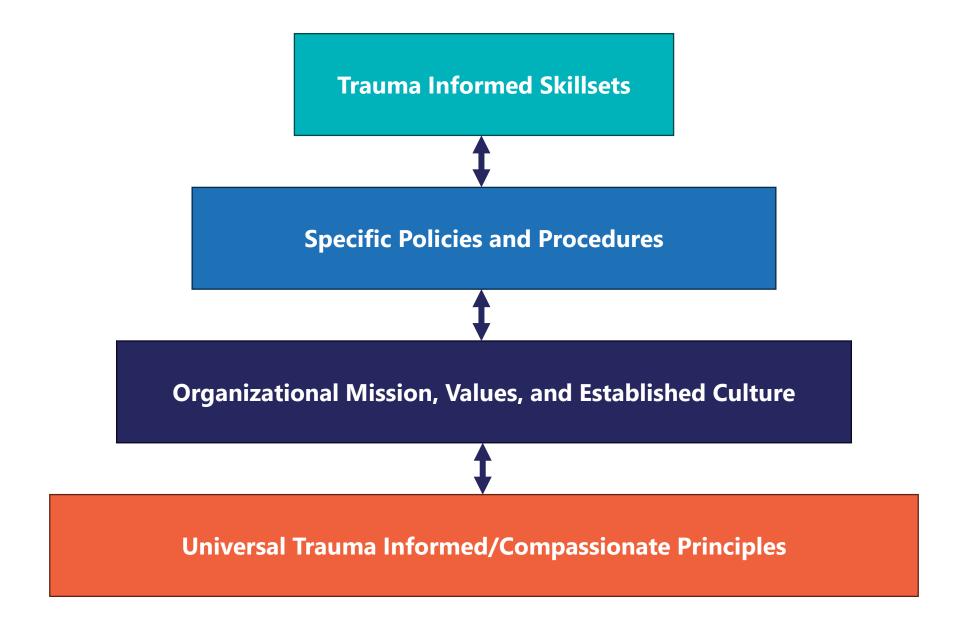

Effective
Collaboration
and Strategic
Engagement

**Community Partnerships** 

#### **Dallas City Council District 4 Event**

On April 18th, Dallas City Council District 4 held a Public Safety Community Engagement event. Thank you to our very own Tanya Sanders and Xavier Woodson for representing Metrocare!

The topics discussed include community involvement, statistics on murders, resources available, and gun violence in District 4.

## **Community Partnerships**

**Offering Expertise** 

### **Small Group Discussion**

What are the barriers to community collaboration?

What have been your organizational strategies for community engagement?

## **Practical Tools**

# What has worked well for your organization?

What are your next action steps?

# Thanks for Coming!

Don't forget your evaluation!
