Apply an understanding of applied ethical principles to situations that emerge in the healthcare setting regarding AI use.	109	27	6	0	1	143

Please rate the presenter's competence and effectiveness:

	5 - Excellent	4 - Very Good	3 - Good	2 - Fair	1 - Poor	Total
Dr. Michael Gillette	115	22	4	1	1	143

As a result of attending this event, what new skills or idea will you implement into your job or practice within the next six months?	Looking at the implications of AI and how bias plays a role.
	Thank you
	figure out how to ethically utilize ai in my practice
	Creating a policy
	Employ AI as an adjunct to medical decision making, Understand much better the limitations of AI.
	Excited to begin using AI, and feel more informed about its ethical implications.
	Michael is engaging and thought provoking. I enjoy his breakdown of ethical issues and situations and guiding agencies in how to address those while keeping our commitment to the population we serve.
	Implement AI assisted charting
	Not long enough.
	Great information
	Start to look at how AI could be used.
	Hopefully find ways to implement this into the state
	Overall awareness of A1 and consent to use client information for other purposes.
	ai
	learn more about AI for behavioral health
	look more into AI
	great
	Researching more in detail regarding ethics and AI, evaluating use of AI.

	Excellent presentation
	Consideration
	This will help me consider approaches to AI as our agency explores these options
	he was a fantastic speaker.
	Look at ways AI can be used in the office to better serve clients
	Interested to partner with AI
	AI is a tool that I can learn to use
	Excellent
	Good
	looking at implicit bias in the data was not something I'd considered.
	Great
	Our center will discuss the options for using AI to improve processes while discussing ethical concerns.
	Talking to my team about AI, how to implement it ethically.
	Super informative. I learned so much about AI.
	discussions on the possibility in the workforce
	yes
	I will do research to double check something AI generates as there may be implicit bias
	We need more sessions about ethics.
	Critical thinking about ethical implementation of AI
	I want to look more into AI
	wonderful presentation. hope you can bring him back again
	Great
	Revisit ethics, implement updates
	Review of type 2 considerations.
	getting more info regarding AI before implementation
	Everything was useful!
	Being more conscientious of my bias towards AI
	I will reconsider the use of AI in private and school setting
	Use AI
	This was well thought through and informative.
	Continue to learn more about AI and its impact do as to not be left behind.
	being careful about Ai when it comes to ethics
	Interesting to think of AI scribing notes.
	Not be afraid of AI
	Reviewing AI ethical decision making and policies.

	Thoughtful about implementations and implications of AI. Also confidence that we can implement ethically
	Be more cognizant of AI in healthcare
	Good analysis of ethics of AI
	AI for reports and grants
	Ethics surrounding the use of AI
	Informed consent about AI generated progress notes
	Ai
	As allowed me to think of other ethical implications
	More information of AI from a different perspective which makes it more comfortable to use in a work setting
	Ethics
	Enlightening as always. I have a better foundation for helping my agency move forward with using AI.
	Help my organization develop policy and move forward with AI
	Embracing use of AI in our organization. Very engaging and informative session.
	Use AI wisely
	I will try to incorporate ai in every day work.
	AI considerations
	This was the most interesting talk of this conference. Dr. Gillette kept my attention all the way through the presentation. I'd like to see him again.
	Greater insight to AI and ethics
	This was so well done
	Use Ai
	Great insight
	Great and interactive speaker
	Be more mindful with AI use
	Look more at informed consent and AI
	Great presenter!
	Continue investigating AI methodologies.
	Considering implications of ai in our workforce
	Very informative
	ASD
	Greater knowledge
	Evaluate AI
	Great presentation 👏
	Take a better look at utilizing AI

	This was an excellent session. I was initially against AI for the use of bites and diagnosis. This session helped me to understand the benefits, the ethical issues, and how to view AI as it is.
	Explore opportunities of the use of AI while also being cautious of its limitations
	Lots to think about.
	Ensure ethical considerations incorporated into our AI initiatives
	Discuss ethics with leadership as they have informed we will be utilizing AI in the future
	Great presentation,
	Become more familiar with AI
	Ethical considerations with AI in healthcare
	Great presentation!
	How to utilize AI in our facility to decrease burnout among employees.
	We're still navigating best option for AI in our center. Perspective helped understand ethical considerations as we move forward.
	great job
	Taking what was discussed into our AI implementation workgroup.
	Investigate AI
	It was good
	A lot of new information about AI and how it could affect my career.
	Very informative.
	He needed more time, felt rushed
	Develop an AI policy for my agency
	not sure yet
	Rethinking the use of AI
	I will continue to advocate to utilize ai in our organization.
	Increase knowledge
	Very informative, helpful and interesting.
	get paid gpt
	Review how Artificial Intelligence could positively impact what I do at our center. As our center rolls out AI, be more actively involved in the impact.
	Research AI driven documentation abilities in services.
	More open to use of AI when properly developed
	None. I was highly disappointed that he was selected as a keynote.
	It opens up dialogue and affords the opportunity to expand perceptions of the use of AI in our field.

	I hope that upper-level management will consider the use of Eleos in our centers.
	Unsure, only considering the use of AI at this time.
	learn more about AI and how to incorporate in our practice

Did you perceive any conflict of interest (i.e. commercial support, produce endorsement, or unannounced off-label product use) during the presentation?	Yes
If "yes" to the question above, please describe conflict of interest perceived:	"Y"
Did you perceive any conflict of interest (i.e. commercial support, produce endorsement, or unannounced off-label product use) during the presentation?	Yes

What topics would you like to see presented at future events?	Continued AI conversations
	AI
	the same
	Policy surrounding AI

	More presentations related to AI and health care delivery.
	Ethics regarding AI in decision making regarding diagnosis and treatment recommendations.
	Jail diversion
	Same
	More AI
	Generational gaps is always a good one
	More on the ethics of AI
	more topics regarding technology and impact on services
	Same
	More on this topic as it continues to evolve
	anything, he was great
	AI Bill of rights
	future developments and discoveries made after more data is analyzed
	use MI effectively
	More on AI!
	ai
	AI use as companionship in people with IDD
	Ethics, topics on dual diagnoses, autism spectrum disorders.
	the power of power support.
	Anything
	Reviest ethics policy. implement update
	Considerations for rosenthal effects with the use of AI tools in clinical behavioral health and therapy.
	More info on AI Ethics
	Self care and the reality of making it a priority
	Longer length of coverage.
	More on AI
	More about AI.
	human trafficking peer support structure and how it's important to Center functioning and community well being
	AI and predicting behaviors in mentally ill
	Anything anytime by Mr. Gillette. Best speaker I have ever seen at Texas Council.
	More ethics and AI
	Impacts of telehealth- outcome measures
	More motivative speakers
	Knowledge about AI
	More on the progress of AI in the mental health arena

	peer support why it's needed. The stigma placed on peers is unprofessional
	Anything Dr Gillett will speak on
	Anything Dr Gillett will speak on.
	More ethics and topics from this speaker.
	Successful use of AI..PRO and CONS
	Motivational interviewing
	More ethics presentations please!!
	More on AI.
	Topics can vary but speakers should be a bit more engaging and start and end on time.
	Idk
	I am satisfied with the topics discussed
	More ethics
	Repeat information on the same topic
	More on AI
	More on this topic
	AI is a great topic
	Engaging staff
	ASD
	ASD
	more AI presentations
	I believe year by year I would like to see how AI is advancing.
	peerness
	Great presentation! Further exploration in this area
	Updates on technology optimizing/challenging MH and IDD
	Ethics
	Ethics in Corrections
	Topics about MH treatment for the LGBTQ community in Texas
	AI is always a good topic
	same
	More ethics
	Psychopharmacology
	Good
	More information about ethics and AI.
	I really liked the application of ethics to the emerging tool of AI. It would be great to see additional ethics discussions in the future around other emerging issues/technologies.

	Integration of AI and EHR
	Practical use of AI in the clinic
	open
	Impact of telehealth on non-medical services (ie school setting) Workforce Issues
	Comment: great deal of time was spent on the Awards to the detriment of Dr. Gillette's presentation being rushed and curtailing content. Most unfortunate!
	Ethicists with ethics would be fabulous. More about MH interventions that are effective.
	The council's viewpoint on integrating AI into all CBHCs.
	Live presentations with AI.
