	<b>Thanks</b>
	<b>survey was not for "Navigating the Intersection..." with Felicia Mason-Edwards. During the presentation there were many side conversations, people eating, crinkling plastic and overall distracting.</b>
	<b>This is the wrong survey.</b>
	<b>You had the wrong objectives for this presentation. Wrong presenters.</b>
	<b>This is not the correct survey for this session</b>
	<b>I did not appreciate the us vs them mentality for peer specialists and clinicians. I learned a lot about peer</b>

	<b>providers as I didn't know much about it before so I am glad about that.</b>
	<b>Anna is so anti clinician. We want to work with peer staff and you can tell she doesn't believe in it.</b>
	<b>Ended up being a gripe session against those with education vs peers. Not practical advice was given</b>
