

Preventing Readmission Using Proactive Coordination between CMHCs and Hospitals

Please rate your achievement of the learning objective:

	5 - Excellent	4 - Very Good	3 - Good	2 - Fair	1 - Poor	Total
Explain methods of integrating collaborative approaches into service delivery processes that reduce mental health readmissions.	15	6	6	0	0	27
Describe proactive processes for local Community Mental Health Centers and hospitals to identify mental health interventions in early stages of care.	14	4	8	1	0	27
Outline successful strategies for collaborating with community organizations to reduce mental health readmissions.	13	7	5	2	0	27

Please rate the presenter's competence and effectiveness:

	5 - Excellent	4 - Very Good	3 - Good	2 - Fair	1 - Poor	Total
Jasmine Brown	14	7	5	1	0	27
Kristin Peterson	13	8	4	2	0	27

As a result of attending this event, what new skills or idea will you implement into your job or practice within the next six months?	Continue to build programs based on community needs.
	look to see how to track discharge
	Perhaps a rotating clinician/treatment team member available to meet immediately with urgent cases.
	will take back information to my Center
	Assessment and root causes
	Reviewing MOUs and exploring new partnership opportunities.
	Informative information. Posed good thoughts for challenging environment collaboration opportunity

	going to join hospital psych inpatient meetings
	reinforce the idea of liaison
	Develop expansion plan to improve diversion
	Discussing barriers and how your strategy can work in a rural area.
	Hopefully we will be able to get one of our two hospital liaisons into the closest psychiatric hospital on a daily basis to help with discharge planning and prevent readmissions.
	Development of IDT
	We are already doing this.
	Partnering with the large medical center or attempting to
Did you perceive any conflict of interest (i.e. commercial support, produce endorsement, or unannounced off-label product use) during the presentation?	0
If "yes" to the question above, please describe conflict of interest perceived:	0
What topics would you like to see presented at future events?	Crisis in rural counties
	Youth medication assisted treatment
	same
	focus on outpatient clinical operations and services and ACT teams
	Peer support
	dually diagnosed, ethics
	Strategies to assist rural
	statistics and cost savings
	Alternatives for inpatient treatment , or just more ideas on successful ways to prevent crisis situations with current outpatient clients.
	I'm not sure at this juncture.
	Working with private hospital systems and navigating their priorities/ competing priorities
