Please describe how your knowledge has changed regarding the objectives listed.	More knowledge on AUD and ambulatory detox
	Improved knowledge of treatment options.
	Treatment options for OUD and AUD
	More knowledges on AUD MAT
	I really enjoyed learning more about the medications.
	Better understanding of medications used to treat substance use disorders

Medication-Assisted Treatment and Withdrawal Management Services in Local Mental Health Authorities: The Bluebonnet Trails Experience

	This was very informative and well presented
	being able to identify different options available to patients
	Very informative
	increased my knowledge in the names/types of drugs used to treat AUD and OUD.
	being more aware
	Better understanding of the medication agents used to treat SUD.
	Will take back information to our medical team
	I work in policy for the association that represents FQHCs so, hope to help more providers at FQHCs become MAT providers and utilize best practices.
	More info on ambulatory withdrawal
	Improved
	Utilizing outpatient detox strategies in mild-moderate risk individuals
	Review of appropriate MAT and how to better integrate in the LMHA
	Planning Processes to implement withdrawal mgmt in clinic practice
	Increased knowledge on treating SUD

What topics would you like to see presented at future activities?	More on operational how to make it work
	treatment options for comorbid disorders
	More of this
	Making it work operationally
	Great presentation. I'd like to see this further expanded into sub categories brought up like detox, etc
	more MAT related treatment in outpatient settings and common challenges in addressing OUD use when client is actively still using benzos
	more of the same
	Further expansion on this topic
	mat related trainings along with SUD counseling to address OUD use and treatment while attending outpatient treatment
	MA
	Many
	Detox services
	Cannabis in our SMI population How to get them off, strategies for harm reduction
	Anything substance use treatment related
	The administrative process to navigate the web of contracts LMHAs have that limit offering withdrawal mgmt within our clinics.
	Psychopharmacology

Comments	Thank you
	This was more geared for MDs & less for therapists
