Please describe how your knowledge has changed regarding the learning objectives listed.
Good
Wonderful implementation explanation. So great to see a successful model for IDD service delivery and documentation improvement.
I have a better understanding of what tools to look into for our agency.
Using AI when person isn't verbal
We are developing a similar dashboard in Power BI but it was helpful to hear thoughts about accountability at all levels to make the dashboard a more effective tool. Hearing about the success GCC has with AI is also inspiring.

As a result of attending this activity, what new skill or idea will you implement into your job or practice within the next six months?
Good
I'm an accounting consultant, so I can't implement any but enjoy learning about what tools others have implemented.
I'll review the tools.
Staff/team pods
As we develop our dashboard, we will also develop clear expectations for how to use the dashboard to drive accountability for performance improvement.
